

ecosys

We turn  
challenges into  
successes.

Somewhere, there is a perfect casting at the perfect price...

**That somewhere is here!**

Casting technology meets service – perfection, around the world.

Ulrich Groth  
Director Sales & Product Management

„We turn  
your challenge into  
your success.“

Companies face new challenges every day. We at ecosys have made it our task to help you turn your challenges into successes. How? ...

... By implementing premium service globally.

You no longer need to waste time worrying if the supplier on the other side of the world is reliable, will honour their agreement with you, or if the quality of the requested parts are up to par.

We guarantee that you'll receive the perfect castings at the best price.

We offer a variety of valuable services to help you achieve success.

I invite you to explore this brochure and find what you need.

I looking forward to working with you.

Kind regards,

Ihr Ulrich Groth

ecosys

Our services  
are respected,  
**anywhere in  
the world.**

We offer a comprehensive service in global purchasing, and the supply chain of cast-iron products. Not only will we find you the best price, we'll consider it our job to deliver you a quality product - on time. Discover our comprehensive premium services.

### German quality made worldwide.

Purchasing in today's economy is a global business, but that does not mean you have to let go of German quality.

Although we purchase parts around the world, our services correspond to German demands. This means German quality, reliability and service – every single day. You get the best prices for products that meet German quality standards.

### The global market is large, and so is our support.

- ✓ Comprehensive purchasing services across a global network of reliable partners
- ✓ Competent logistics services for air, sea and truck transport
- ✓ Reliable financing services
- ✓ Engineering-support according to German quality standards for special requirements

### Your advantages at a glance.

- ✓ Prompt delivery
- ✓ Transparency and plannability
- ✓ Reliable prices
- ✓ Time and cost savings

Global Sourcing  
needs more than low  
prices, you need:

# A contact right on site.

Seemingly small details make the difference  
in a global economy: loyal relationships  
with tried and tested partners, that's what  
turns global sourcing into a global success.

What is important for global sourcing?  
Low prices, of course, but that's not where it  
ends. We believe that safety, reliability and  
plannability are as important. We cooperate with  
companies where we have a personal contact on  
site. This ensures that we can work effectively,  
and you are satisfied and protected.

### Perfect timing, no matter the time zone.

- ✓ Coordination of customer needs on site
- ✓ Reliability of performance and delivery specifications
- ✓ Transparency throughout the process

### Support throughout the process.

- ✓ Experienced technicians on site
- ✓ Active logistics support
- ✓ Flexible purchasing

Discover  
our speciality:

# Special requirements.

Companies in global competition are confronted with special challenges every day, and it's no surprise that average solutions don't work. For this reason we offer comprehensive engineering services for the construction and production of special castings. The one thing that matters is comprehensive support by our engineers.

Special production of castings also meet the highest demands, and correspond to German standards. Only then can a special challenge become a success.

## Competent construction of special products

- ✓ Technical support in construction
- ✓ CAD drawings in 2D and 3D
- ✓ Optimization of castings with state-of-the-art 3D software (finite elements, etc.)

## Efficient production according to the highest standard.

- ✓ Comprehensive product options
- ✓ Model construction on site
- ✓ Strict dimensional and material inspections by external partners

What's  
the best  
cure for  
stress?

Competition means always striving  
for increased efficiency and productivity.  
That's what you'll find working with us -  
you'll be equipped to conquer  
the competition.

# High octane service.

Global Sourcing can be exhausting, but it doesn't have to be. With our services, the global purchase of castings is simple: from financing to logistics, stock keeping to quality inspection – you'll have our support.

- ✓ **Financial safety:** You pay after you have received your goods - this means almost no financial risk. Products leave our partner operations and are delivered to you once their quality has been ensured. We deliver solely according to German standards.
- ✓ **Quality review & certifications:** We offer this condition in all countries where partner operations are located – i.e. China, India, Turkey, Lithuania, Russia, Belarus, Poland, Slovenia, Serbia and Western Europe
- ✓ **Logistics:** We organize air, sea and truck freight for you with renowned German logistics partners.
- ✓ **Stock keeping:** Stored goods are inspected, repacked and prepared before shipping. We also offer the option of interim storage of ordered parts to optimize delivery dates.

You can find foundries  
anywhere in the world, but

# we offer solid partnerships.

Years of work in this industry, coupled with our technical expertise, has helped us develop a global network of reliable and state-of-the-art partner foundries. Regular on-site visits, and personal contacts with the management and technicians ensure that your demands of quality and service are fully met.

- ✓ Global network of reliable partners
- ✓ Quality management and regular on-site visits

- ✓ State of the art foundries
- ✓ Direct contact with management and technical team

High quality castings are hard to find ...

or easy to find with us.

Due to the vast selection of suppliers around the world, trust and reliability is invaluable when purchasing cast parts.

These qualities are what you'll find in our castings, made possible through years of experience, tested quality management and our strong technical know-how.

- ✓ Reliability in service and product quality
- ✓ Comprehensive technical expertise
- ✓ Exceptional selection, availability of special construction needs
- ✓ German quality standards
